First, the Council will be deciding on future activities as part of the Climate and Communities Initiative pursuant to its Fishery Ecosystem Plan (FEP). Second, the Council will be scoping the first 5-year review of the FEP. The Council may consider initiating revisions to FEP and forming any new ad hoc committees necessary to revise the Plan. To help advisory bodies and the public make comments on these topics the EWG prepared two sets of discussion questions, available on the Council's website (<https://www.pcouncil.org/>):

- Webinar Discussion Questions
- Webinar Agenda

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting.

Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.
